

Satellite Broadcast VA/DoD Postoperative Pain Clinical Practice Guideline

For: Facility Pain Management Teams and Postoperative Unit healthcare team personnel.

When: Wednesday, 29 May, 2002 ~ 1300-1500 Eastern Time

Where: Available by satellite broadcast, closed circuit military TV networks, internet and video-teleconference at your local facility.

How to Register: All DoD sites must be registered. DoD sites should contact their facility satellite/technical coordinator to register your facility at:
<http://www.qmo.amedd.army.mil>

The satellite will be broadcast to VHA over the VAKN system. Contact your facility satellite coordinator to reserve viewing time.

TECHNICAL NOTE: VTC will be broadcast at a minimum bandwidth of 384.

- Objectives:**
1. Identify key elements of the VA/DoD Clinical Practice Guideline For The Management Of Postoperative Pain.
 2. Identify VA/DoD Postoperative Pain Clinical Practice Guideline tools which will assist your facility in implementation of the guideline.
 3. Identify how implementation of the VA/DoD Postoperative Pain Clinical Practice Guideline will assist your facility in meeting the JCAHO Pain Standards.
